SUMMARY

I thrive as a creative problem solver with excellent communication skills, both written and verbal. I am driven by a passion for learning and a deep commitment to making a positive impact in our ever-evolving world. My greatest strength lies in my enthusiasm for tackling new challenges and leveraging my technical, interpersonal, and management skills to contribute to the growth of an organization.

EDUCATION

Master of Science in Computer Science   *Aug 2022 - Dec 2023*
Kennesaw State University, Georgia   GPA:3.9

Bachelor of Science in Computer Science   *May 2018 - May 2022*
SRKR College of Engineering, India   GPA: 3.49

EXPERIENCE

Software Developer Intern – ValueLabs, Hyderabad   *Feb 2022 - May 2022*

- During my internship at ValueLabs, with a fellow intern enhanced an existing internal application, focusing on automating the process of sending emails to clients and colleagues.
- Excellent self-improvement skills and a willingness to learn new things.
- Technologies Used: Java, Selenium

SKILLS

C, Java, Python, SQL, HTML, CSS, Javascript, Typescript, ReactJS, Socket.io,NodeJS, Firebase, REST API , Git, Github, Docker

PROJECTS

Group Video Call application

- Developed a group video call app with WebSockets, WebRTC (Simple Peer.js), and React. Initially assumed serverless WebRTC connection, later identified server need for initiation. Established direct peer communication post-connection initiation, eliminating reliance on a continuous server connection.
- This project showcases my skills in creating user-friendly interfaces with React and handling real-time communication technologies.
- Technologies Used : React Js , simple-peer Js, Socket.io and Express Js

ChronoMark : YouTube Video Timeline Bookmarker Chrome Extension

- Developed a chrome extension to bookmark timelines of a you tube video
- Technologies Used : Html, Css, Js , Manifest V3 and Background pages
